4. ATTENDANCE

Being in school every day matters, especially in shops and labs where much of the learning is hands-on. If you will be absent or late, a parent or guardian should call or email the main office before 9:00 AM. Students are responsible for making up missed work; check with each teacher and SchoolPoint. Planned absences should be arranged with the office in advance.

5. GRADES, CREDITS & CLASS STANDING

Grades, attendance, report cards and transcripts are in SchoolPoint. Class standing is based on credits earned: Freshman (fewer than 6 credits), Sophomore (6 or more), Junior (12 or more), Senior (18 or more). Your standing prints on your report card and transcript. Talk with your teachers early if you are falling behind.

6. SHOP & LAB SAFETY

- Wear safety glasses and required protective equipment in every shop and lab.
- Use tools and machines only after your teacher has trained you and given permission.
- Closed-toe shoes are required in shops and labs; tie back long hair and remove loose jewelry.
- Report any injury, spill or damaged equipment to your teacher right away.

7. TECHNOLOGY & DEVICES

Students sign in to school apps through LaunchPoint with their school account. Keep your password private. School devices and accounts are for schoolwork. Phones should be put away during class unless a teacher allows them, and are not allowed during testing.

Bullying, harassment, fighting, cheating and damaging property are not tolerated. Concerns are handled by teachers and administrators, with families involved, and consequences fit the situation.
